**Professional Development
for K-6 Classroom Teachers**

July 9-11, 2025

Aquinas College – Nashville, TN

ENHANCING GEOMETRY INSTRUCTION IN K-6 CLASSROOMS

This dynamic professional development workshop is designed to deepen K-6 teachers' understanding of elementary geometry concepts. Participants will engage in hands-on activities, explore a variety of math manipulatives, and collaborate with fellow educators to strengthen their own geometric reasoning. By developing a stronger foundation in fundamental concepts, teachers will be equipped to foster deeper student engagement and achievement in the math classroom.

This training builds upon core geometry principles, providing practical strategies for effective instruction. Upon successful completion, participants will receive a Certificate of Completion for 15 hours of professional development.
